COLLEGE CALENDAR

1926 - 1927

1926

August 30-31—Registration of all Students.

September 1—Class Work Begins.

September 3—Reception for New Students.

November 25—Thanksgiving Holiday.

December 17-23—Fall Semester Examinations.

December 23-January 3—Christmas Holidays.

1927

January 3—Spring Semester Begins.

January 4—Class Work Begins.

January 21—Society Day.

May 9-13—Spring Semester Examinations.

May 13-16—Commencement Exercises.

I. HISTORY

The Wingate School was established in accordance with a resolution passed by the Union Baptist Association at its annual session in October, 1895, for the higher intellectual, moral and religious training of the boys and girls of the Association and surrounding country. A Board of Trustees consisting of J. W. Bivens, Rev. Hight C. Moore, O. M. Sanders, M. W. Griffin, J. C. Sikes, B. F. Parker, and R. F. Beasley were appointed to secure a suitable location within the bounds of the Association, and to establish there a school of high grade, which should be owned by the Association and conducted under Christian influences.

The Association, at its annual session in 1896, established a Board of Trustees, consisting of fifteen members, to be selected from the various churches of the Association, each to serve a term of six years, and five to be elected by the Association every two years. The Legislature of North Carolina, in 1897, granted to the school a charter which secured for it all the protection and privileges that are usually granted to such an institution.

At first a three-room building housed the school, and in this Professor M. B. Dry laid the foundation for an institution that compares favorably with the best. In a few years the growth of the school demanded more room, and five rooms, including two society halls, were added. After some years of progress Professor B. Y. Tyner became principal, and with the trustees, planned the present commodious brick building. Each time the growth of the school called for any change in the building, the local community came loyally and liberally to the support of the school. Many loyal friends at a distance also have stood by the institution loyally.

In the year 1912, the Mecklenburg-Cabarrus, the Pee Dee, and the Anson joined the Union Association in the ownership of this splendid institution.

There is another bright page in the history of the school which can be read in the lives of the students who have gone

out from here. The Wingate students have made good, and therefore justify even greater sacrifices for the school.

During the year 1920-1921 The Wingate School, for the first time, came to be enrolled as one of the accredited high schools of North Carolina. There was added, during the year, splendid laboratory equipment for the teaching of science, and a system of electric lights for the school. The home rented by the Principal was purchased by the Trustees and became a part of the school property.

During the session of 1921-1922 a complete system of water-works was installed.

Possibly the busiest vacation period in the history of the institution was the summer of 1922, during which time the commodious new dormitory, including central dining hall, up-to-date kitchen, and storage rooms, was erected. This is the most attractive home for students. The interior of the administration building was painted, and much work done on improving the campus.

During the following school year some valuable additions to the library were made, both by purchase and by donation. Among the latter, special mention should be made of the valuable collection of books on history and literature presented to the school by Rev. R. G. Kendrick, of Raeford, N. C.

The most outstanding incident of the session of 1922-1923 was the vote of the Baptist State Convention of North Carolina by which The Wingate School was taken over by the Convention and promoted to the rank of a junior college.

Principals of the School

The school has been exceedingly fortunate in the class of men and women who have led the work here. M. B. Dry, now principal of a leading Farm-life School in the State, Cary, N. C., served as principal for twelve years; B. Y. Tyner, now head of the Education Department of the State Normal, Fredericksburg, Va., served three years as principal, with J. G. Carroll, associate. Mr. Carroll, now filling a chair of mathematics, Wake Forest College, N. C., then served seven years individually.

These are all men of the highest type of Christian manhood. Scholarly, capable, efficient, thoroughly in love with their work, they have attained a high degree of success in their profession.

Miss Patty Marks, of Albemarle, N. C., graduate of Meredith College and a lady of fine Christian character, took charge of the work in the fall of 1918.

In the Fall of 1919, C. M. Beach, a school man of wide and successful experience in denominational school work, became principal of the school. Under his wise direction the school enjoyed a steady growth in efficiency, patronage and equipment for four years.

In 1922 the Baptist State Convention authorized the Board of Trustees to prepare to offer Junior College work. Accordingly buildings were remodeled, new equipment provided, a central heating plant installed and a splendid corps of teachers employed with Mr. C. M. Beach as President. This is the second year under the present management.

Standardized

The college students who attended Wingate Junior College in 1923-24 and in 1924-25 staked their faith in the past record of the school for they had no assurance that the work would be recognized by the senior colleges of the State. The young college could not be accredited by the State of North Carolina until it had done two years of college work and thus proved whether it was able to do genuine college work. But in the spring of this year the institution was fully accredited and rated as a standard junior college by the accrediting board of the North Carolina Department of Education. No longer is the school on probation. Students who attend the institution now can get the same credit for their work as they would get for similar work done at any of the colleges or universities in North Carolina. Students who complete their freshman or sophomore work here can enter the sophomore or junior year in Wake Forest, University of North Carolina, and other senior colleges in the state without an examination and without the loss of one hour's credit. Two years of work here will give a teacher the same grade of certificate as two years of work in any college in the State.

II. ADMINISTRATION

Board of Trustees

Term Expires January 1, 1932

D. W. FINK	Charlotte, N. C.
REV. R. E. POWELL	Marshville, N. C.

COACH OF ATHLETICS; SOCIOLOGY

B. S., Mercer University, 1922; Summer School Diploma University of Georgia, 1922; Professor of English, Wingate Junior College, 1923; Professor of Sociology, 1924; Summer School Mercer University, 1924.

MARY BREWER BOWERS, A. A.

MATHEMATICS

B. A., Meredith College, 1925; Teacher of English, Bonlee High School, 1925-26; Teacher of Mathematics, Wingate Junior College, 1926—

*Will be absent on leave.

R. C. BLACKWELL, B. A.*

MATHEMATICS

B. A., Furman University, 1924; Professor of Mathematics, Wingate Junior College, 1924; Summer School University of N. C., 1924.

E. L. CARTER, B. A.

ENGLISH

B. A., University of North Carolina, 1922; 1916-1917, Principal Highland High School; 1917-1919, Principal Catawba High School; 1922-1925, Head of Modern Language Department, Greenville High School, Greenville, S. C.; 1925-1926, Instructor in English, Wingate Junior College.

GUY B. FUNDERBURK, B. A.

ENGLISH

B. A., Furman University, 1926; Member of the International Relation Club, Pi Gamma Mu; Teacher of English, Wingate Junior College, 1926—

MARY KATE MALCOLM, B. S.

HOME ECONOMICS

B. S., Carson-Newman College, 1925; Certificate in Home Economics, Carson-Newman College, 1925; Two years of teaching experience in the schools of Tennessee; Teacher of Home Economics, Wingate Junior College, 1925.

ROSA FUTRELL, B. S.

LIBRARIAN

B. S., Chowan College, 1914; Student Columbia University (Summer Session), 1920; Teacher of History in Liberty-Piedmont Institute, 1917-1921; Teacher of History in the Wadesboro High School, 1921-1922; Teacher of History and English, The Wingate School, 1922-1923; Professor of History, Wingate Junior College, 1923; Member American Historical Association; Librarian, Wingate Junior College, 1924—

WINNIE MAE RICE

VOICE

Graduate Voice Department, University of Alabama; Post-graduate, University of Alabama, for two years; Student, Chautauqua Institute, New York, for two years; Teacher, Voice Department, University of Alabama, for one year; head of Voice Department, Alabama Central College, for three years; Head of Voice Department, Wingate Junior College, 1925—

To be supplied

PIANO

MRS. F. O. RICHARDSON, B. A.

Dean of Women and Bookkeeper

*Absent on leave for session of 1926-27, working for M. A. degree.

SCHOOL TERMS

The school year is divided into two terms of approximately equal length, the fall semester lasting until the Christmas holidays, and the spring semester lasting until commencement. Students with proper credits may enter at the beginning of either semester, but are urged to matriculate at the opening of the semester, as absences will be counted from the first regular recitation.

MATRICULATION

Every student in either the high school or college department is required to fill out a matriculation card, giving necessary information about himself needed for permanent records, and pledging himself to cheerful obedience of the regulations of the College. After filling out the matriculation card, the student will present it, together with the matriculation fee, to the Bursar in exchange for his official receipt. The student will then present this receipt to the classification committee, who in return will give endorsed class cards for each subject to be pursued. No student is allowed to attend any class without first presenting this card to the instructor in charge, unless satisfactory arrangements have been made with the Bursar.

ENTRANCE REQUIREMENTS

High School

Students coming to us with approved credits from other accredited high schools will be given full credit for the work covered. A transcript of such work must precede or accompany the student here.

College

Before being admitted to the college department, a student must be at least fifteen years of age, and show evidence of good moral character. By action of the faculty, a student under fifteen years of age may be admitted in rare cases.

For admission to the Freshman college class without exami-

nation, an applicant must present a minimum of fifteen units of high school work done in a high school accredited by the State Department of Education. All certificates should be filed with the President not later than August 1 of the year in which the student wishes to enter. Graduates of the high school department of Wingate Junior College are accepted in the college department without such certificates.

Candidates presenting fifteen units of work from a non-accredited high school are required to stand an examination before they are admitted to the Freshman class. Any student not presenting a certificate will be required to stand an entrance examination before being admitted to the college. Graduates presenting fifteen units of work from an accredited school, but deficient in some of the college entrance requirements, will be allowed to remove the same by the beginning of his sophomore year.

PRESCRIBED

The following units are required for entrance to the college department: English, 3; Algebra, 2; Geometry, 1; Foreign Language, *2 or 3; History, 2 units and Science 1, or History 1 unit and Science 2; Bible, 1. The remainder may be taken from the following subjects accepted for admission:

MATHEMATICS

Algebra to Quadratics-----	1 unit
Algebra—Quadratics, Ratio, Proportion, Variation, Progressions, Graphs, and Binomial Theorem-----	1 unit
Plane Geometry, five books-----	1 unit

ENGLISH

Higher English Grammar and Grammatical Analysis---	1 unit
Composition and Rhetoric-----	1 unit
Classics for Study and Reading-----	1 or 2 units

HISTORY

Greek and Roman.....	1 unit
Medieval and Modern.....	1 unit
English	1 unit
American and Civics.....	1 unit

LATIN

Beginners' Latin.....	1 unit
Four Books of Caesar, or equivalent.....	1 unit
Six Orations of Cicero, or equivalent.....	1 unit
Six Books of Virgil.....	1 unit

MODERN LANGUAGES

French (2 years)	2 units
German (2 years)	2 units
Spanish (2 years)	2 units

Greek I: Grammar ; Composition.....	1 unit
Greek II: Xenophon; Anabasis, I-IV.....	1 unit

BIBLE

Bible I	1 unit
Bible II	1 unit

NOTE: Students working towards a B. A. degree should by all means take four units of Latin, or three units of Latin and two units of French. Those expecting to pursue courses leading towards a B. S. degree may take two units in each of two foreign languages, either modern or classical.

GRADUATION REQUIREMENTS

The following work is required of all students who would graduate from the institution:

High School Department

English -----	3 units
Mathematics -----	4 units
Bible -----	1 unit
Foreign Language †-----	3 or 2 units
History * -----	1 or 2 units
Science * -----	1 or 2 units
Electives -----	3 or 2 units
<hr/>	
Total-----	16

Electives may be selected from the list of subjects accepted for admission, given above.

Suggested Course By Year for High School Department

Not more than five from each group.

FRESHMAN

- Latin
- Arithmetic
- History
- Biology
- English
- Home Economics

*A total of 3 units in History and Science meets the graduation requirement. Two may be taken in History and one in Science, or two in Science and one in History.

†If a student elects Latin in High School, at least 3 units are required. Two units in any other language will meet the requirements for graduation. Students who intend taking regular B. A. work are urged to take three units in Latin and two units in French.

College Department

Requirements leading to Diploma
“Associate in Arts”

Requirements for graduation in the Wingate Junior College are thirty-two hours of work. No regular student may take less than twelve hours or more than eighteen hours of college work during any one session. Students satisfactorily completing the regular prescribed course will receive a junior college diploma.

COURSE I. LEADING TOWARD B. A. LETTERS

English	6 hours
Mathematics	3 hours
Latin or Greek	3 or 5 hours
French or German	3 hours
Bible	2 hours
History	3 hours
Chemistry	4 hours
Electives	8 or 6 hours
	—
Total.....	32

COURSE II. LEADING TOWARD B. A. SPECIAL

English	6 hours
Mathematics	3 hours
Bible	2 hours
French or German	6 hours
Education	3 hours
History	3 hours
Science	4 hours
Electives	5 hours
	—
Total.....	32

COURSE III. LEADING TO DIPLOMA IN MUSIC

English	6 hours
French or German	6 hours
Bible	2 hours
Electives	6 hours
	—
Total.....	20

These twenty hours of literary work are required in addition to music requirement as outlined under Piano or Voice.

CLASSIFICATION

Students are classified in conference with the classification committee of the faculty, and given class cards for each subject to be taken. Changes of any kind from the course mapped out by the classification committee may be made only by the permission of that committee. This applies to the dropping of courses as well as to changing from one course to another. Every student is expected to take at least fifteen hours of work per week; no one may take more than eighteen hours without special permission.

A student is classified according to the credits in the office and not according to the number of years spent in high school or college. The following is the basis of classification:

High School

FRESHMEN—Graduates of the seventh grade are admitted to the Freshman class.

SOPHOMORE—A Freshman must have completed at least three units in an accredited school to be rated as a Sophomore.

JUNIORS—A student must have completed seven units of work in an accredited school to be classed as a Junior.

SENIOR—To be a member of the Senior class the student must have completed a minimum of eleven units in an accredited school.

College

FRESHMEN—Graduates with fifteen units from an accredited high school are admitted to the Freshman class without an examination. All others are required to stand an entrance examination.

SOPHOMORE—To be rated as a college Sophomore, a student must have completed a minimum of fourteen hours of standard college work.

ADVANCED STANDING

Full credit will be given to students for work done in other standard institutions, provided the application for same is

accompanied by a proper transcript of credit in detailed form, and by a certificate of honorable dismissal from the other institution. But one year in residence will be required before a student will be awarded either a high school or college diploma.

WITHDRAWAL FROM COLLEGE

Students who find it necessary to leave school during the year should get approval from the President. Those having settled all bills with the college and obtained the approval of the President will be given a certificate of honorable dismissal signed by the President and Bursar.

ABSENCES

The daily recitations are an important part of the student's work, and as such are duly emphasized by the college. Daily preparation is insisted upon, and grades on daily recitations are recorded by the instructors. These grades are averaged with grades on written quizzes, which together count about two-thirds towards the final grade.

Absences from the daily recitation are counted from the organization of classes. Excuses for class absences will be recognized only in necessary cases, and then only when the excuses are given by the President in advance, or in case of sickness, by the faculty member in charge of the respective dormitories, or by a physician's certificate. Such excuses, however, do not excuse the student from making up the class work missed with the individual instructors. Zeroes are given on such missed recitations until made up. Where a student misses as many as three recitations per month a special examination on the month's work may be given unless the work has been made up satisfactorily otherwise.

For each unexcused absence in the President's office at the end of each semester, a deduction of two per cent from the final grade will be made before the reports are sent out. This is in addition to any deductions which may have been made by the instructors for absences not fully made up.

In addition to the above deductions on grades, deductions for absences, either excused or unexcused, are made from credits on courses in the college department as follows:

1. For absences totalling from fifteen to twenty-five per cent of the recitations and laboratory periods a semester, twenty-five per cent.

2. For absences totalling from twenty-five to thirty-five per cent of recitations and laboratory periods a semester, fifty per cent.

3. For absences totalling more than thirty-five per cent of recitations and laboratory periods per semester, one hundred per cent. That is to say, no credit for the course will be given.

CHAPEL ABSENCES. All students are assigned regular chapel seats for the morning worship, and are required to attend every service. Students will be graded on their chapel attendance, which grades will be averaged in with the other grades to determine scholarship honors at commencement.

WRITTEN TESTS OR QUIZZES

Written quizzes may be given at the discretion of the instructors, but at least once each month a written test of all work covered since the last such test should be given. Grades on such quizzes will be averaged in with the recitation grades to form the daily average.

EXAMINATIONS

At the end of each semester final examinations are given on the work covered during the entire semester. The minimum length of these examinations is one and one-half hours; the maximum length is three hours. The examination grades count about one-third per cent and the daily average grades about two-thirds per cent in making up the final grades.

SPECIAL EXAMINATIONS—If for any reason, except illness, a student is necessarily absent from any regular semester examination, he may take the examination at a later date by paying a fee of \$1.00 to the Bursar in exchange for his receipt,

which must be presented to the instructor in charge before he shall give a special examination.

TAKE-OVER EXAMINATIONS—If a student in the high school department fails to make a passing grade on a subject, he may take a second examination on the subject on the following conditions:

1. If the daily grades were not sufficiently low to necessitate a repetition of the course.

2. If the student gets permission from the instructor in charge to take a second examination, after presenting evidence that a thorough review of the subject has been made.

3. A second examination may be taken only after paying a fee of \$1.00 to the Bursar, and presenting receipt for the same to the instructor in charge.

TAKE-OVER EXAMINATIONS (COLLEGE DEPARTMENT)—If a student in the college department fails to make a passing grade on any subject, he may take a second examination by complying with regulation No. 3 above, provided that his original grade was not below 60 per cent and provided further that he present evidence of having reviewed the subject thoroughly. These examinations may be taken at the next regular examination period, or at the opening of the fall term the following year. Students with such conditional failures should consult the instructor under whom the work was taken as to the advisability of taking a second examination. Failure on such examination means that the course must be taken again in class in order to get credit for it.

SYSTEM OF GRADING

Wingate uses a double standard of grading. The passing mark is 70 per cent for all subjects. However, in order to graduate from this institution, the student is expected to make an average grade of 80 per cent on all the subjects taken. These two standards might be termed the quantitative and the qualitative standards. This gives a student who is good on all but one or two subjects an opportunity to pass those subjects with

low grades, but the low marks on these subjects must be counter-balanced by especially high grades on the other subjects in order to make an average of 80 per cent.

A grade of 65 is considered a condition which may be removed without a special examination if a grade of 75 is made the following semester.

Wingate expects those who graduate from the Junior College to have to their credit 20 quality points. An "A" or 95 per cent on a subject for a semester will give 3 quality points, and a "B" or 90 per cent will give 2 quality points. Students who do not make the quality points should not expect recommendation to higher institutions.

REPORTS

Students are graded on a percentage basis with 100 as a maximum. Such grades reflect something of the progress and standing of the student in his classes and his general school attitude towards his work. The grades are not accurate, as no system of grading can be accurate until some more definite standard of measuring the progress of students is arrived at. However, they do give a general index to the work and progress of each student as measured on daily recitations, written and oral quizzes, examinations, and the personal opinion of the teacher as to the work accomplished.

Reports of the student's work and general progress, showing courses pursued and the grade made on each are sent to his parents or guardian at the end of each semester. The cooperation of all parents and guardians is desired in the common effort to lead the student into a fuller and more useful life.

RETURN PRIVILEGES

High school students who fail to pass on at least two subjects and college students who fail to make a passing grade on at least six hours of work will be debarred from registering for the work of the next semester, unless by special action of the faculty. Others may return for regular work, fitting into the classification as previously outlined.

DISCIPLINE

The college community is just a big family, with faculty and students in close touch with each other. The few rules that are in force are not designed to work a hardship on anyone who comes here to work rather than to loaf, but are designed to help and protect the majority of the students from those who do not cheerfully join in with the spirit of the institution. Members of the faculty live with the students in each dormitory and co-operate with them in their school work and other activities. So close and friendly is the system of government that the students have repeatedly voted down the offer of student government. The entire administration of the institution is Christian, and each student is expected to conform to the standard of a Christian lady or gentleman at all times. Students who are not willing to co-operate with the spirit of the institution will not be allowed to remain to corrupt the Christian college life and community. Student government will be granted just as soon as the students are willing to assume this responsibility.

TEXTBOOKS

In order for a student to do his best work he must have, in most cases, an individual textbook for each subject taken. Orders for such books are made by the college book room upon the signed order of the student. Such orders will be taken by the instructor in charge of the course and turned over to the book room. When a student gives an order for a book he will be expected to take it when it comes, and *books are sold for cash only*.

CREDITS WITHHELD FOR DEBTS

The Board of Trustees have authorized the President to withhold credits for work done in the institution until all debts, including tuition, board, books, etc., have been settled in full with the Bursar, or other proper authority.

EXERCISE

Educators are coming to realize more and more that one of the first and most important functions of education is to develop

a sound body. Health is a fundamental basis of happiness and, because of the inter-relation of body and mind, of intellectual development as well. Therefore every encouragement is given to participate in football, baseball, basketball, and tennis. But realizing that all the students are not reached by these sports, the college inaugurated with the session of 1924-25 a systematic form of exercise that reaches every student in school. Calisthenics is required of all boarding students, both girls and boys, who do not participate in the major sports, for three periods a week throughout the session. Grades on such work will be averaged in with other grades to determine honors at Commencement.

Table Board (estimated)----- 135.00
Matriculation Fee ----- 20.00

College Department

Literary Tuition -----\$ 60.00
Room, Heat, Light, etc. ----- 34.00
Table Board (estimated) ----- 135.00
Matriculation Fee ----- 25.00

A special fee of \$2.50 will be charged to each pupil for each semester, the same to provide free medical service by our college physician, to allow free entrance to all athletic contests played on our ground, and to provide a small sum for the upkeep of our library.

The above are the estimated college expenses proper. Books, paper, clothing, etc., are not included in the college expenses. Parents can do much to keep their expenses low by limiting the amount of spending money for their sons and daughters.

Payments

The Trustees fix all prices, and require the Bursar to carry out the following terms of payment:

Tuition and room rent for the quarter and fees for the term are payable before a student is registered in any class.

BOARD AND LODGING

Wingate has three well-equipped, well-furnished brick dormitories for students—two for young ladies, and one for young men. All dormitories have running water, baths, etc., and the two dormitories for young ladies are made more comfortable by the steam heating system. Rooms may be secured also in private homes. Rooms in the dormitories rent for \$8.50 per quarter for each occupant, which is less than \$4.00 per month. This includes lights, water, and heat.

All dormitory students must board in the central dining hall, which is presided over by an experienced dietitian, unless permission is obtained from the President to do otherwise. Good board is given to students at actual cost, which usually averages about \$15.00 per month. Boys and girls eat at the same tables, but draw for their places about once each month. Members of the faculty act as hosts and hostesses at the various tables.

An advance board deposit of \$15.00 is required of all boarding students, which amount will be credited on board at the end of the school year. Board bills must be paid promptly at the end of each month.

ROOM RESERVATIONS

Students occupying a room one session may retain the same room for the following session provided that they deposit with the Bursar, or other authorized person, \$3.00 each before the beginning of the Spring term examinations. During the period of examinations, or any time before commencement, students not desiring their present room for the following year may reserve any other room not already reserved upon depositing \$3.00 with the Bursar, or other authorized person. After commencement all rooms not already reserved as specified above will be open to new students as well as old, upon payment of the deposit. Such deposits will be credited on room rent for the first quarter. Rooms will not be held longer than the second

day after the opening of the session, unless by special previous arrangement. The above deposit of \$3.00 is required of each applicant for a room. The college reserves the right to supply room-mates in rooms where there is only one occupant or one applicant.

GENERAL RULES GOVERNING OCCUPANTS OF THE DORMITORIES

All occupants are required to keep their rooms in order, and must pay for any damage to the building or to the furnishings.

The careless, ungentle, rude, or vicious will not be retained unless they mend their ways. Card playing, gambling, etc., and the use of tobacco in any form in the building is forbidden. Other regulations for the common good as to quiet, order, and general conduct are enforced, largely by the common impulse of right ideals.

Hot and cold water and electric lights have been installed in each of these homes. Safety of the buildings, as well as safety of the students, demands that there shall be no tampering with the lighting system. No rearrangement of lights will be allowed without permission of the teacher in charge of the building.

Students will not be allowed to spend the night in town. Only four week-end visits will be allowed per semester, and no young lady may return to the dormitories after nightfall in an automobile, unless accompanied by a teacher.

III. PHYSICAL EQUIPMENT

CAMPUS—The college has about thirty acres of gently rolling ground. When present plans are brought to completion, this will make an unusually beautiful campus, as much of the land is wooded with oak and pine trees. The present campus has been much improved during the past sessions by the construction of walks, driveways, by sowing grass and making lawns, by planting flowers and shrubbery, by setting out trees, etc., and the erection of a beautiful arch, spanning the front entrance to the campus, a gift of the H. S. class of 1924.

ADMINISTRATION BUILDING—It is a commodious, well planned building, and well furnished for all administrative purposes. It contains the President's office, Bursar's office, library, nine splendid class rooms, laboratory, society halls, auditorium, etc. The class rooms are well lighted, well heated, and well equipped with individual chairs.

NEW DORMITORY—This new home for girls was erected in the Summer of 1922. It is a three-story building, containing the central dining hall on the first floor, in addition to a reception room, Dean's office, etc. The rooms are well equipped with dressers, tables, double beds, etc., and have a total capacity of about fifty-five young ladies. There is running water on each floor of the building.

STEWART HOME—This, the oldest of the dormitories, was constructed through the liberality of "Uncle" Marsh Stewart, in whose honor it is named. It is a brick structure, containing two stories and a basement and has a capacity for about fifty young ladies. The basement is used by the Home Economics department, and is one of the best equipped and most attractive places on the campus.

BOYS' DORMITORY—This three-story brick dormitory was erected in the Summer of 1919 to meet a very pressing need. It is an attractive home for boys, containing baths, lavatories, etc. The rooms are equipped with chairs, dressers, tables, double beds, etc., and have a total capacity of some seventy-five boys.

PRESIDENT'S HOME—A large two-story frame residence located on a prominent part of the campus is used as a home for the President. It has running water, bath rooms, etc.

CHURCH BUILDING—Wingate students are especially fortunate in having one of the best equipped church and Sunday school buildings in this section of the State, on a lot adjoining the campus. It is new and of modern construction throughout. The church is not school property, but it was built for the benefit of the town and students alike, and the students and teachers take a leading part in the church and Sunday school work.

LIBRARY—The college library, while comparatively small, is well adapted to meet the needs of any student. The books have been selected with a view to their usefulness and interest in a Junior college community.

During the year 1923-24 friends of the institution contributed many valuable books, and the college also purchased several hundred volumes. In all, the library made a total gain during the year 1923-24 of about 1,500 volumes. During 1924-25 Dr. W. C. Jackson, of Wadesboro, and Mr. Walter Beach, of Rose Hill, made valuable contributions. During 1925-26 several very valuable contributions have also been made by the Biology class, the American History class, and the class in Play Writing. The collection at present includes some 2,500 well-selected volumes, embracing standard encyclopedias, dictionaries, works of literature, history, biography, science, and the classics, and these are being added to constantly. Special reference books for each department of instruction in the college have been added.

The reading room is supplied with the best current literature, including State and national daily papers, leading magazines, educational journals, religious papers, and college publications. The students are taught to use the magazines through the Reader's Guide to Periodical Literature.

A trained librarian, with student assistants, is in charge, and the library is open 39 hours per week. The Dewey System of classification is used. Library of Congress cards are also used in classification.

Efforts are made to render the library a vital force in the life

of the students by training their taste for the best literature and encouraging reading that will result in culture.

DINING HALL—The central dining hall is on the first floor of the new dormitory. It is well equipped with tables, dining chairs, dishes, etc., adequate for all the boarding students. The boys and girls eat at the same tables, together with members of the faculty, who serve as hosts and hostesses. The kitchen and grocery room in the annex is sanitary and modern. An electric dish washer is the latest addition to the kitchen equipment.

LABORATORY—The science laboratory in the main building is equipped with individual desks, lockers, apparatus, gas jets, water faucets, etc. A new gas plant was installed in the Summer of 1923 in order to meet the needs of college classes. The department has an adequate supply of apparatus and chemicals for physics, chemistry, botany, and biology.

SOCIETY HALLS—The four active literary societies have two attractive society halls in the administration building, each equipped with pianos, banners, opera chairs, president's stand, etc.

FIRE ESCAPES—Steel fire escapes have been placed on the three dormitories and the administration building, affording adequate protection in case of fire.

HEATING PLANT—In the Summer of 1923 a Warner-Webster heating plant was installed in the basement of the administration building. This furnishes steam heat to the administration building and the two dormitories for girls. Stoves are used in the boys' dormitory.

WATER SYSTEM—The college owns its own water system, which is adequate for all needs of the school except in unusually dry times. Water is furnished to the buildings from two deep bored wells in the campus. All the buildings have running water, baths, lavatories, etc.

ATHLETIC FIELD—The college has had a fair athletic field for the past years, but with the increasing interest in Athletics,

there was need for a new field which would accommodate all branches of outdoor athletics. The trustees met this need adequately in 1924, when they authorized a new athletic field on the newly acquired land to the east of the school, where there is a natural bowl for athletic grounds second to none. The necessary grading on the new field was completed in the early Spring of 1925 before the baseball season opened. Accordingly, Wingate now has an excellent field for all forms of collegiate athletics.

The college does not have an indoor gymnasium. However, an old church building near the campus furnishes a splendid indoor court for basketball.

IV. THE COLLEGE ENVIRONMENT

LOCATION—Wingate is thirty miles east of Charlotte, on the main line of the Seaboard Railway between Atlanta and Richmond, and also on the Asheville-Charlotte-Wilmington Highway, Number 20, which is hard-surfaced in both directions from Wingate, and practically all the way from Asheville to Wilmington. There is train and bus service to Monroe and Charlotte several times daily. These splendid railways and highways put Wingate in close touch with all parts of the Carolinas, both east and west, and north and south. A telephone system and a telegraph line also keep Wingate in close touch with the outside world.

COLLEGE COMMUNITY—Wingate is only a village of a few hundred inhabitants. The college was not established in the town, but rather the town has grown up about the college. It is therefore in the midst of a splendid agricultural people of high ideals and untiring energy, who have the interest of the college deeply at heart. There are no industries or enterprises that would be detrimental to the development of noble characters and Christian lives.

While the village is small, it is large enough to supply all needs of the students, and Monroe, county seat of Union county, is only six miles to the west. Wingate has a bank, drug store, barber shop, etc., and a number of large stores. Mail is delivered at the dormitories three times daily. The village is well lighted by electricity.

CLIMATE—Wingate has a very mild climate, being free from extremes or sudden changes of temperature. The freezes that come as far south as Winston-Salem and High Point seldom get as far south as Wingate. It is high and dry without the extreme cold of the mountains; consequently the health of students is always good.

MORAL ENVIRONMENT—Wingate offers no apology to anyone for being a Christian institution with Christian ideals. Its purpose is to develop body, mind, and soul by furnishing the best of instruction under moral and Christian influence. Other-

wise it has little if any right to exist. No matter what intellectual endowment a student may possess, unless he has heart culture he cannot be much of an asset to the world's good.

Looking toward the development of such heart culture, each day a chapel service, consisting of songs, prayers, Bible readings, talks, etc., is held. On Sundays the students assemble voluntarily in the new church on a lot adjoining the campus for Sunday school and church worship. The church building contains five separate assembly halls and thirty class rooms. It is planned throughout for modern departmental Sunday school work. The location of the new bungalow parsonage on an adjoining lot puts the pastor in constant touch with the student body, while the splendid church equipment and the A-1 Sunday school give practical training in modern Sunday School work.

The six sections of the B. Y. P. U. maintain an A-1 standard throughout the whole school year, and offer unusual training in Christian service. These organizations, together with the Y. W. A. services and the mid-week prayer services conducted by the students in their respective dormitories, give assurance that a student shall be surrounded by a strong, wholesome, Christian atmosphere. Bible courses are also given in the college.

The town co-operates with the school in developing manly characters. Cigarettes cannot be sold in the corporate limits of the town. While neither the town nor the school is perfect, yet when compared with conditions elsewhere the college has an excellent and wholesome environment.

V. ORGANIZATIONS

LITERARY SOCIETIES—Education in its broad sense is a vital part of the life process, and can hardly be defined in terms other than this. Clear thinking, intelligent expression, and organization of the mental content of the mind are fundamental life processes essential for success in any field. Therefore, training along these lines is an important part of the educational life at Wingate.

As a means to this end, there are four well organized and active literary societies in the college, the Gladstone and Philosophian for young men, and the O'Henry and McNeil for young ladies. The Gladstone and Philosophian Societies have programs consisting of debates, declamations, extemporaneous speeches, etc., in their respective halls on Thursday night of each week. The O'Henry and McNeill Societies have similar programs each Thursday afternoon. Every student is required to join one of these societies, and is expected to take an active part in the programs.

The librarian assists in the work of the societies by getting debate material weekly from the University Library. This material is accessible to all students. A society spirit pervades the whole school, and the programs are often very spirited. Keen but friendly rivalry exists between the societies, which is especially noticeable in joint programs and in commencement exercises for college honors. To stimulate further interest, several medals are offered annually for excellence in debate, oration, declamation, etc.

One society is not allowed to have more than three-fifths of the total membership of the two corresponding societies. Members who persistently refuse to abide by the rules and regulations of their society may be expelled, with the approval of the faculty, and if expelled from society they are automatically expelled from college. Only regular students in the college may be active members of the literary societies.

Society Day, a Spring celebration of the four societies, is celebrated annually by public debates, orations, declamations, recitations, music, etc.

SUNDAY SCHOOL CLASSES—There are four well organized Sunday school classes of students, two for girls and two for boys, in the local Sunday school

Y. W. A.—This organization of girls in the dormitory meets once each week for programs, etc. It has an important place in the religious life of the institution.

VOLUNTEER BAND—The Volunteer Band is made up of students who are offering themselves as volunteers in the cause of the Master and of others who are interested in active Christian service.

B. Y. P. U.—There are six wide-awake B. Y. P. U. organizations in the school, and each has maintained the A-1 standard for the past four years. Interest is keen between the unions, each trying to maintain a higher standard than the others. Regular meetings are held each Sunday afternoon, and socials are held at least once a quarter. Courses in some phase of Christian service are given annually by the State B. Y. P. U. organization, and also by the College as part of its course of study. The Wingate B. Y. P. U. won the State banner in 1925 at Salisbury.

“W” CLUB—This club, made up of young men who have made the varsity team in some branch of athletics, was only organized in the Spring of 1924, but it promises to stimulate a lively interest in athletics.

CLASSES—All the classes of the school organize early in the year, selecting their respective presidents, secretaries, treasurers, etc., and select class mottos, class colors, etc. Such organizations tend to foster not only class spirit but school spirit as well. A faculty member is usually elected as adviser to each of the classes.

PUBLICATIONS—There are at present two periodicals, the annual catalogue and the College Directory. The Directory gives the list of faculty members with subjects taught, members of organizations, athletic schedules, songs and yells, officers of societies and classes, a list of all students with the year of work they are taking and their boarding places, etc. The Directory is greatly appreciated by the students.

VI. EDUCATIONAL AND SOCIAL FEATURES

Believing that education is a vital part of the life process, the College tries to introduce the students to many different phases of life that will be beneficial to them as they go out to take their places in the world of affairs, as well as afford them entertainment and instruction during their school days. To this end, entertainments and socials of various natures are given during the year, among which the following may be mentioned:

INTERCOLLEGIATE DEBATES—Wingate in the Spring of 1925 first entered the field of intercollegiate debating, and celebrated the occasion by winning three debates from Mars Hill College out of a possible four. The query of the debate was, Resolved, That the Japanese exclusion clause of the 1924 immigration bill should be repealed. Two of the debates were staged at Wingate and two at Mars Hill, and Wingate won nine votes out of a possible twelve in the four debates. On April 17, 1926, Wingate staged a double-header debate with Rutherford College, which Rutherford won by split decisions.

LYCEUM COURSES—A lyceum course is presented at intervals during the school year, which affords not only entertainment but instruction as well.

SOCIETY DAY—This annual celebration comes during the Spring semester, and is participated in by all four of the literary societies. The program consists of debates, orations, declamations, recitations, music, etc., to which the public is invited. The Alumni are especially invited back on this home-coming occasion.

RECITALS—The department of music gives several private recitals during the year, to which the students are invited. Also a few public recitals are given during the Spring semester.

OPERAS—A feast for music lovers is the annual comic opera presented by the glee club under the direction of the music faculty.

SOCIETY ENTERTAINMENTS—The literary societies give two annual receptions during the Fall semester. The O'Henry and

McNeill societies entertain in honor of the young men, and the Gladstone and Philosophian societies entertain in honor of the young ladies.

SOCIALS—Other socials, including those given by the B. Y. P. U. organizations, afford ample social life for the students.

ATHLETIC CONTESTS—Intercollegiate athletic contests are held at frequent intervals throughout the school year. Since the opening of the new athletic field, athletics will play an even greater part in the life of the institution.

COMMENCEMENT—The most important and interesting exercise of the year is the annual commencement. Four days are filled with interest, instruction, and entertainment.

COMMENCEMENT PROGRAM—1926

- May 14—Friday evening, 8:00 P. M. :
Debaters' and Readers' Contest.
- May 15—Saturday morning, 10:00 A. M. :
Class Day Exercises.
- May 15—Saturday afternoon, 2:00 P. M. :
Declaimers' and Orators' Contest
- May 15—8:00 P. M. :
Annual Musical Recital.
- May 16—Sunday morning, 11:00 A. M. :
Commencement Sermon.
- May 16—Sunday evening, 8:00 P. M. :
Missionary Sermon and Bible Awards.
- May 17—Monday morning, 10:00 A. M. :
Graduating Exercises and Literary Address.
- May 17—Monday afternoon, 2:00 P. M. :
Alumni Address.
- May 17—Monday evening, 8:00 P. M. :
Annual Play.

VII. ATHLETICS

Wingate, long backward in athletics and athletic contests, has rapidly come to the forefront in the last few years, for it is being realized that a school has a larger mission than simply to minister to the mental side of a student's life. One of the most important functions is to look after the physical development, the health, for health is a fundamental basis of happiness, and happiness seems to be the true end of living. Upon a sound body depends much of the spiritual and intellectual life of the individual. Wingate College seeks to administer to the development of the spiritual, the mental and the physical, but because the physical is the basis for the other two, it should receive an important consideration.

An important aim of athletics is to minister to health, to self-preservation, and to this end all students are urged to take part in as many branches of athletics as possible. The aim of this institution is to have winning teams if possible, but not to have winning teams to the exclusion of the great majority of students from participating in athletics. Systematic calisthenics and other forms of exercise are required of all other students, both boys and girls, who do not take an active part in the major sports, for three periods a week.

With the coming of Coach Lancaster in the Fall of 1923, and the introduction of football, athletics received a new boost. Wingate now has four major branches of the sports, football, baseball, basketball, and tennis, putting out teams in all these fields. Football, the youngest of the sports here, is already coming into popular favor, and is bringing Wingate to the forefront in athletics. Interschool contests in football, basketball, and baseball, are held frequently. All three varsity teams are equipped with uniforms, etc., by the college.

The letter "W", representing athletic varsity, will be awarded to those who have participated in enough varsity games to merit a letter, as determined by the athletic director. Stars are awarded for each successive year of varsity athletics.

VIII. SCHOLARSHIPS AND MEDALS

SMITH SCHOLARSHIP—Through the kindness and liberality of L. C. Smith, an alumni of the institution, the College in its second year was able to offer to some worthy young man a scholarship for the session of 1924-25. Other scholarships were offered to worthy young men and women for the session of 1924-25 through the liberality of friends of the institution. The list of such scholarships follows:

BEEMER HARRELL SCHOLARSHIP

SCHOLARSHIP BY LADIES AID SOCIETY OF THE FIRST BAPTIST CHURCH, MONROE

Y. J. A. SMITH SCHOLARSHIP

SCHOLARSHIP BY SOUTHERN WOMAN'S EDUCATIONAL ALLIANCE, RICHMOND, VA.

Perhaps these and other scholarships will be available for the session of 1926-27. One new scholarship has already been offered by two classes of the local Sunday School, the T. E. L. Class, taught by Mrs. F. O. Richardson, and the Senior Fidelis, taught by Mrs. C. M. Beach.

Medals and Prizes

The following medals and prizes are offered to students:

1. A five-dollar gold piece is awarded at the close of the session to the best all round student.
2. A medal is offered by the Stieff Piano Co., Charlotte, for the best music student.
3. The W. J. Rudge Company, of Monroe, offers a gold medal to the best orator.
4. Mr. R. L. Pruette, Wadesboro, N. C., offers a gold medal to the best debater.

5. A gold medal is also offered by the Gladstone and Philosophian Societies to the best declaimer.

6. The O'Henry and McNeill Societies offer a gold medal to the best reciter.

7. As an incentive to work, the Gladstone and Philosophian Societies offer two medals each for improvement in debate, one each in the College department and one each in the H. S. department.

8. Mr. W. C. Sanders, of Monroe, offers annually, the O. M. Sanders Essay Medal, for the best essay on some assigned subject. This contest is open to all students in the school who attend the whole year and who average 90 on all their regular work. The points on which the essays are to be judged will be named by the teacher of English.

9. A five-dollar gold piece is offered by Dr. W. R. Burrell, of Monroe, for the best all round scholarship in the Senior class.

10. A five-dollar gold piece is offered by Dr. W. R. Burrell, of Monroe, for the best all round scholarship in the Junior class.

MISCELLANEOUS

TO THE PARENTS

Students should not be allowed to run accounts at the stores, and the school will advise merchants not to charge accounts unless parents order it.

Extravagance is one of the great sins of the age. Assist us to train against this evil by limiting the spending money of your boy and girl.

Be absolutely frank with us in regard to your children, as we shall be frank with you. We are working to the same great end of inspiring and training your child. Let us be mutually helpful in the task.

Frequent week-end visiting will not be allowed. All permissions for such visits must be written directly to one of the deans. Not more than four such visits per term will be allowed, except on account of serious sickness or death in the family. The dean of women and the professor in charge of the boys' dormitory will enforce this regulation strictly.

Do not expect your boy or girl to be excused from recitations for week-end visits. Special examinations will be given to all students who are absent from more than three recitations in any one month.

One dollar will be charged for each special or take-over examination. This amount will go to the library fund of the school.

Do not ask that your son or daughter be allowed to do anything forbidden by the rules of the College. There are no special-privilege classes here.

All students who through persistent neglect of duty and through repeated betrayal of trust reposed in them show that they do not enter into the spirit of the institution will be removed from the student body. In no other way can the standard of the College be maintained and its object accomplished.

Dentistry, dress-making and general shopping, as far as possible, should be attended to before coming to school.

Do not send requests or instructions to the President or those in charge through the student. It will save time and misunderstandings if you will write direct. Bear this in mind when your son or daughter writes for special permission, and mail your wishes to the proper authority.

We feel sure that the patrons will see that all of these regulations are for no other purpose than to guarantee to them the very best results from their investment with us. We, therefore, expect the heartiest co-operation in the enforcement of these regulations.

Books at our book store are sold for cash only. Please furnish your son or daughter with funds to purchase necessary books.

WHAT STUDENTS SHOULD BRING

The rooms in the dormitories are furnished with double beds, dressers, tables, etc., but not with linens. Each student, therefore, should bring at least a change of bed linen, sufficient cover, towels, pillows, table covers, etc.

THE RELATIONS OF TEACHER AND PUPILS

Every member of the faculty for this year is a consecrated Christian, who is anxious to instill into the lives of boys and girls those principles which make life worth living. They are well prepared for the careful instruction of those in their respective departments. The motto: "Individual attention and personal helpfulness," will be carried out in all departments of the school as far as practicable.

The girls will be under the personal supervision of the lady members of the faculty, and will have the warm sympathy and care that is prevalent in home life.

Few set rules are made. Kindness, help, and firmness on the part of the teachers, and obedience, courtesy, and respect on the part of the students largely obviate the institution of a great many of the sterner things known as law.

Boys and girls will find that they have sympathetic helpers in the school room, on the athletic field, in the society halls, and, in fact, in every phase of school life, in the teachers of the school.

They will at all times be ready to share a joy or a sorrow with you. *Sympathy, helpfulness* and *fellowship* are the watchwords. "A sound body, a well-trained mind and a true, noble character for each student," is our motto. How well we have succeeded in our aim is shown by the work our students are doing wherever they go. "A tree is known by its fruit; a school by its results."

Regulations

1. All boarding students must get written permission from the proper authority before leaving town.

2. This permission, to be effective, must be approved by the Dean of Women or the teacher in charge of the Boys' Dormitory before the student leaves the campus.

3. This permission will cover absences from classes and from Chapel when presented to the teachers and to the one in charge of Chapel absences.

4. Smoking or using profane language on school property is forbidden.

5. Card playing in any form, dice playing, gambling, drinking, etc., are forbidden.

6. All students are required to join one of the literary societies within a month after entering school.

7. Loafing around the depot or in any of the stores at any time is discouraged.

8. All boarding students will be responsible to the school management for their conduct out of school as well as at the school buildings.

9. All students are held responsible for damage to school property.

10. No student will be allowed to graduate from the institution who is in arrears with the school or societies on any kind of accounts, and credit for work done by undergraduates will be withheld until all accounts have been settled.

11. No boarding student is allowed to keep a car at school without the consent of the Discipline Committee.

12. Students will not be allowed to spend the night in town. Only four week-end visits will be allowed per semester.

13. No student may neglect any school duty for week-end visits. A student thus missing classes for a week-end visit will forfeit one such visit.

14. Students who represent the school or the society in any public function must make passing grades on at least two-thirds of their work, based on all preceding work of the year, and must show a respectful attitude toward school regulations. Therefore a student who has a total of 21 demerits during any semester shall not be allowed to represent the College in any public function.

15. A college student must take at least 12 hours of work, and a high school student not less than three subjects.

16. Should there be a case, or cases, of cheating on a quiz or examination, the offender will be dealt with firmly by expulsion or by any other method determined by the faculty.

17. Only necessary communications between the boys and girls will be allowed, and the tendency to neglect duty for the social pleasures which sometimes exist in co-educational schools will be carefully restricted.

18. Students must enter college within one month after the opening of either semester in order to represent the college or the societies in any public function during that semester.

19. All students rooming in the dormitories will be required to board in the dining hall, unless the President gives special permission otherwise.

20. No student may change rooms in the dormitories, move out of the dormitories or change rooming places in the community without the permission of the President.

21. The faculty reserves the right to bring any student to the dormitories to room, if the best interest of the student or the school demands it.

22. Boarding students may not go to Monroe oftener than once a month.

23. Persons desiring to sell goods of any kind in the Dormitories must get permission from the teacher in charge.

X. DEPARTMENTS OF INSTRUCTION

ENGLISH

J. B. HUFF

PROFESSOR CARTER AND MR. FUNDERBURK

High School Department --

The chief object of the course in English is to teach the fundamentals of English Grammar and Rhetoric, to give frequent practice in composition and to develop a keen appreciation of the masterpieces of English Literature. To this end the following courses are offered:

Course I—Grammar, Composition, Literature. Five periods a week: Grammar and Composition, two periods; Literature, three periods. Fall term: *Literature and Life*, Book I, Parts I and II; Spring term: Parts III and IV.

Frequent tests. Supplementary readings: Twelve hundred pages, to be assigned by teacher.

Course II—Composition and Literature. Five periods a week: Composition, two periods; Literature, three periods. Fall term: *Literature and Life*, Book II, Parts I, II, and III; Spring term: Part IV.

Attention paid to Oral Composition. Frequent tests. Parallel readings: Fifteen hundred pages, to be assigned.

Course III—Composition and Literature. Five periods a week: Composition, two periods; Literature, three periods. Weekly themes. Fall term: *Literature and Life*, Book III, Parts I, II, and III; Spring term: Parts IV and V.

Frequent tests. Parallel readings: Fifteen hundred pages, to be selected by teacher.

Course IV—Composition and Literature. Five periods a week. Composition, *Century Handbook of Writing*, two periods. Weekly themes. Frequent oral compositions. Literature, three periods. Fall term: *Literature and Life*, Book IV, Parts I, II, and III; Spring term: Parts IV and V.

Parallel readings: Fifteen hundred pages, to be assigned by teacher.

College Department

Course I—English Composition. Three hours a week throughout the year. Required of Freshmen. Oral composition, weekly themes, bi-weekly conferences. Study of selected masterpieces of literature with special attention to form and organization of material.

Parallel readings: One thousand pages selected from the best English and American essayists.

Course II—History of English Literature. Three periods a week throughout the year. Required of Sophomores. A survey of English Literature and a critical study of selected representative masterpieces. Fall term: From the beginning through the Classic Period. Two term papers of at least fifteen hundred pages, on subjects related to the periods studied. Spring term: From the Classic Period to the present day. Two term papers of fifteen hundred pages; a discussion of one of the great English novelists, and an analysis of one of his representative works; a study of one of the great English poets and his poetry.

Parallel readings: Five thousand pages of poetry, drama, and fiction, to be assigned by teacher.

MATHEMATICS

PROFESSOR BLACKWELL

Aims—Mathematics cannot be longer justified for its prominent place in the curriculum merely from its practical or utilitarian value. Neither can it be justified alone through some uncanny, unexplainable, formal mental-discipline value. Mathematics, however, does deserve an important place in the curriculum when all of its values are combined. The aims of this department in teaching Mathematics are: (1) Cultural, meaning thereby a deeper appreciation of the beauty of geometrical forms in nature, art, and industry; of understanding the relations of quantity and space as a means of understanding our environment and the progress of civilization in science, industry, and philosophy; love of the true rather than the false; (2) Disciplinary, understanding it to mean the acquisition of mental

habits, methods of attack, ideals, idea of relationship, etc., which can be transferred over into other fields of activity; (3) Practical, meaning by that the direct or immediate use in life of some fact, method or process learned in mathematics. These three overlapping aims will be kept constantly in mind. As a means of realizing these aims, the work of all mathematics should be co-ordinated in such a way as to show the unity of the whole subject.

High School Department

Course I—Arithmetic. Milne's Standard. Required of all Freshmen in high school. Five periods a week throughout the year. 1 unit.

Course II—Algebra. Required of all Sophomores in high school. Five periods a week throughout the year. 1 unit.

Course III—Algebra. H. S. Algebra completed. Required of Juniors in high school. Five periods a week throughout the year. 1 unit.

Course IV—Plane Geometry. A thorough study of the five books of the Plane Geometry through a reasoning process—not an acquisition of facts through memory. The subject will be vitalized in the life of the student, as far as possible, through original exercises, special studies, etc. Five periods a week throughout the year. 1 unit.

College Department

Course O—Elective course in Solid Geometry. 3 hours Spring semester.

Course I—Algebra and Trigonometry. This course corresponds to the first year course in the standard senior colleges of the State, and is open only to those who have completed two years of work in Algebra and one year of work in Plane Geometry. The aims enumerated above will be kept in mind throughout the course. In agreement with the best practice and theory, this course has been shortened to three hours per week.

Fall term: College Algebra.

Spring term: Plane and Spherical Trigonometry.

An attempt will be made to relate each of the above courses, and the whole to a richer understanding of the universe in which we live.

Course II—Elective course in Analytic Geometry. Three hours per week throughout the year.

HISTORY

PROFESSOR KELLEY

MISS FUTRELL

It is the aim of this department to give the student a sympathetic background to the present-day political, social, and economic life and an appreciation of the development of modern institutions. The practical worth of the subject is established by its intimate correlation with art and current events. Throughout the course, emphasis is placed on historical documents, map drawing, notes and reports of collateral readings.

High School Department

Course I—Ancient History. A thorough course in the history of the ancient world from the earliest times to about 1600 A. D. Recommended for first year high school students. Five periods a week throughout the year. 1 unit.

Course II—European History. A course in the progress of civilization from about 1600 A. D. to the present time.

Five periods a week throughout the year. 1 unit.

Course III—American History and Civics. A survey of the colonial period with special emphasis upon American ideals and institutions. Close study is given to the critical period, the founding of the national government, westward expansion, and the problems and movements of the nineteenth century. The Civic course will aim to teach the pupils their civic responsibilities as well as their civic opportunities.

Texts: Muzzy's American History, current magazines, loose-leaf note books. 1 unit.

College Department

Course I—History of Western Europe. Fall term. Three hours a week. This course consists of a study of the history of Western Europe from the fall of Rome to 1815. Emphasis is placed upon the principal institutions of the Middle Ages: e. g., feudalism, the Church and the Medieval empire, and upon the Renaissance movement, the Protestant Revolt, and the French Revolution.

Course II—Recent European History. Spring term. Three hours a week. This course traces the history of Western Europe from 1815 to the present time, including the conflict of liberalism and reaction following the French Revolution, the growth of democracy, the development of nationalism, then national imperialism, and the great world conflict of 1914. Prerequisite, Course I.

Course III—American History. In this course special emphasis is placed on the period since 1783. It presents a survey of the colonial period, the critical period, growth of sectional interest, westward expansion, disunion, and recent problems of industrial, social and territorial expansion. Three hours a week throughout the year.

SOCIOLOGY

PROFESSOR LANCASTER

Course I—Introductory Sociology. Three hours a week, Fall term. A general course dealing with the nature, scope, purpose, and method of sociology; problems of the family, immigration, poverty, pauperism, and crime. Course limited to college Sophomores.

Course II—Principles of Sociology. Three hours a week, Spring term. A study of the fundamental social principles, with class discussions, and reports on assigned readings, followed by a consideration of special problems of social reform. Course limited to college Sophomores.

All college students are eligible to this course. Three recitations, one hour each, and two laboratory periods of two hours each per week throughout the year. Four hours.

A laboratory fee of \$5.00 will be charged each student taking Chemistry.

HOME ECONOMICS

Aims: First, to stimulate an interest in home-making in the students and give them higher standards of living and behavior; second, to give them information on which to base these standards; and third, to give them some skill in performing as many of the home occupations as possible in order that they may attain these standards in their homes later.

High School Department

Course I—First year Sewing and Textiles and Elementary Cookery—the making of simple garments and dresses by the use of commercial patterns, emphasis being placed on the constructive processes and textiles, and elementary processes of cookery based on the meal plan basis, including simple breakfasts, dinners, luncheons, and suppers course. Food values in relation to the above meals will be included. Simple table service will be given with each of the meals prepared.

Textiles: *Textiles* by Dooley and *Textbook for Cookery* by Greer. Fee: \$10 per semester.

This course requires five 90-minute periods per week throughout the year and gives 1 unit credit.

College Department

Course I—First year Cookery. This is a study of selection, classification, composition, and preparation of foods, including advanced processes of cookery and table service; and also a study of foods in relation to health and special diets for both health and sickness. Diets and special problems will be studied and prepared. Two laboratory periods and one lecture period per week are required throughout the year. Credit 6 hours.

Text: *Cooking and Sewing* by Hill. Fee: \$10 per semester. Prerequisite: High School Cookery.

Course II—First Year Clothing and Textiles. This course will include a careful study of the four textiles: fibers, cotton, wool, silk and flax; advanced dress-making and simple costume designs.

Text: *Principles of Dress Selection* by Butterick.

Fee: \$8.00 per semester.

Two laboratory periods and one lecture period per week are required throughout the year. Credit 6 hours.

Prerequisite: High School Sewing and Textiles.

Course III—Home Administration Work. This course will include a study of the selection, location, planning, furnishing, care, and management of the home. Practice work will be required. There is a fee to cover the cost of this. Students who have had no high school Home Economics may enter this course. This is a three-hour course given only in the Fall semester. Credit 3 hours.

Text: *Business of the Household* by Taber.

Course IV—Health. Study of personal home and community sanitation and hygiene. This course is open to college students who have not had high school Home Economics. This is a three-hour course given in the Spring semester only. Credit 3 hours.

Text: *Home and Community Hygiene* by Broadhurst.

EDUCATION

PROFESSOR KELLEY

Aims—The work in this department is planned primarily to meet the needs of those students who are going directly from this school into the elementary and secondary schools of the State as teachers, though some of the courses are open to all advanced students. This department does not propose to substitute methods for a knowledge of subject-matter; the latter is of primary importance. But the courses are designed to

stimulate a professional spirit in the field of Education, and to ground the student in the basic fundamental principles of teaching and dealing with pupils, as well as the more practical application of the work to the school room. Teachers should learn how to teach students as well as subject-matter.

Admission Requirements—It is recommended that students postpone the work of this department until their Sophomore year. However, Courses I and II are practical, elementary courses open to students who must leave school before their Sophomore year. Those planning to pursue Education courses should, if possible, take a course in general Biology during their Freshman year. Students should consult the head of the department before registering for any course in Education.

Course I—Educational Psychology. A practical course in Psychology as it may be applied to teaching and understanding the pupil. This course is open to Freshmen and Sophomores. Three hours, Fall semester.

Text-books: (1) Bagley; *The Educative Process*. (2) A liberal amount of parallel work, according to the needs of individual students.

Course II—Class Room Management. A continuous course with Course I, dealing with Psychology as applied to class room management, method, discipline, etc. Three hours, Spring term.

Textbooks: (1) Bagley; *Class Room Management*. (2) Parallel work planned to appeal to individual interests and needs.

Course III—School Administration. The ideals of a people are reflected best through their educational systems and institutions. The aim of this course, therefore, is to bring the student, through a study of these systems and institutions, to a fuller understanding and appreciation of the life and character of the American people. The course will give an insight into the history of Education in the State and Nation, as well as a close-up study of the present system from the local unit to the national system. Special work will be given in the development of the public system in North Carolina, together with practical administrative problems that every teacher will meet in the

school room. Open to Sophomores. Three hours, Fall and Spring.

Textbooks: (1) Dutton and Snedden, Administration of Public Education in the United States; Strayer & Thorndike, Educational Adm., supplemented by special work in the administration in North Carolina, and a study of the State public school law. (2) Terman; and Monroe, DeVos and Kelly on the use of intelligence tests.

Course IV—Tests and Measurements. A brief introduction to the nature and use of both native and acquired intelligence tests. Two months, Spring term. Included as a part of Course III.

RELIGIOUS EDUCATION

PROFESSOR BEACH

A knowledge of the Bible is necessary in building an ideal character and in obtaining a correct philosophy of life. The Bible has opened the way for the greatest achievements in history, and the Christianity of the Bible is the mightiest factor in modern civilization. This Book offers the one solution to the perplexing problems of individual life, and must finally be consulted before the world can solve her puzzling international problems.

In the Department of Religious Education, we seek to give to the student a knowledge of the Bible itself and the application of its teachings to the ordinary life problems.

Training courses are offered for prospective workers in the modern Bible school, Baptist Young People's Union, and Women's Missionary Union, together with a comprehensive view of how the Baptists are trying to carry out Christ's Great Command.

High School Department

Course I—Sunday School Teacher Training. A course leading to the Blue Seal Diploma of the Sunday School Board of the Southern Baptist Convention. Open to all students except

Freshmen. In this course we endeavor to magnify the Modern Sunday School in the minds of the young men and young women, and to train them to be successful teachers in these schools. Five hours a week throughout the year. 1 unit.

Course II—Missions and Stewardship. In this course we seek to give a clear interpretation of the Mission command and a comprehensive view of the Mission task, Stewardship, the Bible plan of fulfilling this task.

Textbooks each on State Missions, Home Missions, Foreign Missions, B. Y. P. U. work, and Stewardship, together with two or three inspirational biographies of leading missionaries. Four hours a week throughout the year. 1 unit.

College Department

Course I—The Life and Teachings of Christ. A brief survey is made of the political, social and religious conditions of New Testament times, and the general character of the Gospels. This is followed by an outline of the Life of Christ from His birth to His ascension. We then study the Master's method of teaching the multitudes and training His Apostles. The social teachings of Jesus are carefully studied in their application to present-day problems. This is followed by a course in New Testament Criticism, which strengthens the pupil against modern destructive criticism as to sources and authority of the New Testament books.

The Bible is the main textbook. A harmony of the Gospels is used and a considerable amount of reading is required from the foremost authorities on the subject. Note books, lectures, readings, and special reports. Three hours a week throughout the year.

Course II—A course giving a general knowledge of the Old Testament. The geography of the Old Testament world is studied for an understanding of Hebrew history. Attention is directed to the philosophy of the Hebrews, their great leaders, and the prophets are studied as interpreters of the political, social, and religious conditions in Israel and Judah. Note books,

lectures, readings, and reports. Two hours a week throughout the year.

Course III—Church History. This course is intended to give to the student a comprehensive view of the development from the simplicity of Apostolic Christianity into the complexity of modern denominational life; also a clear idea of the peculiar tenets and present strength of each of the leading denominations. Two hours a week throughout the year.

Text: *The Course of Christian History* by McGlothlin. Parallel assignments from leading authors, note books, and special reports.

SCHOOL OF MUSIC

WINNIE MAE RICE, Voice
CLARA NUNNELLEY, Piano

Piano

Prep. I—Technical exercises involving the correct use of the arm, wrist, hand and fingers.

S3(-5):—All major scales, one octave, and arpeggios in major and minor triads, alternating hands, ascending in first position, descending in second position.

STUDIES SUGGESTED—Gaynor, *Miniature Melodies*; Ring, *The Little Hanson*; Goodrich, *Synthetic Series*, Book 1.

PIECES SUGGESTED—Chittendon, *Frolic in the Hayloft*; Rogers, *Tally Ho*; Adams, *Giant Steps*; Terry, *Sabot Dance*; Wing, *The Wind*; Song Without Words; Frothingham, *Seven o'Clock in the Morning*.

Prep II—Further development of technical work.

SCALES—All major and minor scales, two octaves, one and two notes to M. M. 60; major and minor triads, alternating hands.

STUDIES SUGGESTED—Duvernoy Op. 186 (more advanced); Gurlitt, Op. 198; Burgmuller, Op. 100 (more advanced); Mrs. Virgil, *Melodious Studies*, Volume II; Kohler, Op. 157.

SONATINA—Reinecke, Sonatina in C Major, Opus 137, No. 1; Clementi, Sonatina in C Major, No. 1.

PIECES SUGGESTED—Chadwick, Cricket and the Bumblebee; Lymes, Hunting Song; Grant-Schaefer, Uncle Remus; Goodrich, Synthetic Series, No. II; Mokrejs, Gladys at Play; Depret, Air de Ballet.

Prep. III—Technical work continued.

SCALES—All major and minor scales—1, 2, 4 at 60, and 1, 3—60. Hands separately. Arpeggios—major and minor triads, four octaves—1, 2 notes at 60—both alternating hands.

STUDIES—Bach, First Lessons in Bach, arranged by Walter Carol; Kohler, Small School of Velocity, Op. 242; Heller, Opus 47; Burgmuller, Opus 100.

SONATINAS—Clementi, Kuhlan and others.

PIECES—Tchaikowsky, Song of the Lark; Schytte, Little Shepherdess; Lynes, Rondaletto; Schuman, Jolly Farmer, Op. 68; Dennee, Rondo Villageois; Gaynor, Hovering Butterflies; Dutton, Will o' the Wisp.

Prep. IV—Technique. Technique work continued.

SCALES—Hands separate, alternating hands, all major and minor scales, rhythmically at 88 M. M.

ARPEGGIOS — Maj., min., aug., dim., and dominant and diminished sevenths, hands alternating, 1 and 2 notes at 88. Trill, 1, 2, 4 notes, 88 M. M.

STUDIES—Bach, Little Preludes and Fugues; Czerny, Op. 636; Heller, Op. 46; Jensen, 25 Piano Studies.

SONATAS AND SONATINAS—Easier sonatas by Mozart and Haydn; Sonatinas by Clementi and Kuhlan.

PIECES—Ravina, Petit Bolero; Bach, Solfeggietto; Jensen, Elfin Dance; Ren, Song of the Plowman; Grieg, Birdling; Poldini, The Music Box; Merkel, Butterfly.

College I—Technique. Exercises for higher development.

SCALES—Hands separate and together—all major and minor forms 1, 2 and 4 notes at 100.

ARPEGGIOS—Major and minor triads; dominant and dimin-

ished sevenths. Hands together and separate 1, 2 and 4 notes at 60.

TRILL—1, 2 and 4 notes 112.

OCTAVES—1 and 2 notes at 100.

STUDIES—Czenry Op. 299. Bach, Two Part Inventions.

SONATAS—Mozart, Sonata in F No. 4; Sonata in D. No. 2; Haydn, Sonata in D No. 7; Beethoven, Op. 14, No. 1 and other sonatas of same grade.

PIECES—Easier Songs Without Words, Mendelssohn; Turner, Dance of the Elves; Kolling, Prestissimo in D; Raff, Fableau; Haydn, Gypsy Rondo; Bach, Allegro in F Minor; H. A. Matthews, Pensee du Matin.

College II—Technique. Enlarged so as to meet all requirements of the grade.

SCALES—Major and minor scales in thirds, sixths and tenths, 1, 2, and 4 notes at 112.

ARPEGGIOS—Hands together, 1, 2, and 4 notes at 112.

TRILL—1, 2, and 4 notes at 132.

OCTAVES—1, 2, and 4 notes at 80.

STUDIES—Czerny, 299 continued; Cramer; Bach, Three Part Inventions.

SONATAS—Mozart, in D; Beethoven, Op. 14, No. 1 and 2.

PIECES—Raff, La Fileuse; Rubenstein, Romance; MacDowell, Woodland Sketches; Handel, Fantasia in C Major; Merkel, Spring Carol; Paderewski, Minuet, Op. 14, No. 1.

Voice

Voice A—Breath control and its relation to singing; voice placement and tone formation; throat freedom; resonance; diction as applied to singing; scales and arpeggios in simple forms.

ETUDIES—“Behnke and Pearce” and “Sieber.”

Practical application of the above in easy songs.

Voice I—Further development of flexibility; resonance; scales and arpeggios in all forms.

STUDIES—Lutgen and Vaccai.

Practical application of the above in song classics.

Voice II—A continuation of the technique and vocalises of Voice A and I introducing vocal embellishments.

STUDIES—Concone.

Songs classics continued; songs in one foreign language. Preparation for public singing.

DEPARTMENT OF THEORETICAL MUSIC

Piano Class Work

Prep. I—Class work, one hour per week.

Prep. II—Class work, one hour per week.

Prep. III—Class work, one hour per week.

Theory IV—Angela Diller. First Year Theory. Two hours per week.

Harmony C I—Textbook: Goetschius Harmony. Two hours per week.

Harmony C II—Textbook: Chadwick's Harmony. Two hours per week.

History C II—Textbook: Bartzell's History of Music.

Sight Singing and Ear Training I.

Sight Singing and Ear Training II.

Appreciation C I.

All pupils finishing in either piano or voice are required to take the full course in Music History, Harmony, Theory and Sight Singing; must have completed all high school work; must have one year of college English and one year of either French or German.

Chorus Class—Open to all students who are able to sight read single melodies. All voice students must attend this class. It will meet once a week on Monday night from 7:00-8:00 o'clock.
